## QUETHIOCK PARISH COUNCIL

### Keyholder scheme

Devon and Cornwall Police's keyholder information database has been in operation for more than 10 years and helps to alert designated individuals if there is a problem at a property.

The scheme helps businesses and individual residents by keeping a record of people who can access a property in an emergency.

Information about keyholders is kept on file for two years. After this time keyholders or property owners will be reminded to update the register to make sure they can still be called on if an incident occurs.

People can register for the scheme if they are a business or resident. Emergency services will then be able to contact someone when there is a problem or even issue warnings of impending danger such as flooding or pollution, if something arises when the owner is away.

Details of the keyholder scheme can be found at [Keyholder | Devon & Cornwall Police \(devon-cornwall.police.uk\)](https://www.devon-cornwall.police.uk)
